After becoming shipwrecked, your group of castaways finds themselves on a desert island. At first, the surroundings seem like paradise, but life soon proves difficult. Water and food are scarce. It's doubtful if everyone can survive this diet.

There is only one solution: Construct a large raft together. But don't waste any time, because the clouds on the horizon suggest the arrival of a dangerous hurricane.

Hellapagos: Big Box combines the components of the Hellapagos base game and They're No Longer Alone expansion, which adds 20 character cards, 30 event cards, and 20 additional shipwreck cards. All three modules are independent: players can incorporate a single module, or all three in their game session.
